

CMC Pro Tech Fire-Rescue Harness

- Dorsal D-ring for different size rescuers
- Gear loops have been added for storing equipment
- Designed for easy removal when using the harness in confined spaces
- Front waist D-ring is comfortable, stable for rappels
- The sternum D-ring works well for helicopter hoists
- Quick-connect shoulder straps and leg loops make donning the harness simple and fast
- Molded pads on the leg loops can be adjusted
- Weight: 4 lb.

FE28220399 Small/Medium (Waist 26"-34") (66 cm-86 cm)

FE28240399 Large/X-Large (Waist 34"-46") (86 cm-117 cm)

RR41030399 CMC Rescue Pro Pocket™, Red

CMC Rescue Com-Center™ Radio Harness

- Designed to fit the smaller radio units, cell phones, and GPS
- The shoulder straps adjust with Velcro on the front
- Full-size back pocket is big enough for a notebook or folded map
- Radio pocket is adjustable and has a zippered front pocket to hold spare batteries

RR00319999 CMC Rescue Com-Center™ Radio Harness

CMC Rescue Rappel Gloves

- Provide outstanding hand protection plus the dexterity needed to tie knots and work with hardware
- Armor-Tan leather with unique KEVLAR fiber stitching adds durability unmatched by conventional gloves
- Double palm provides extended wear and hand protection when rappelling. The second layer is segmented for a more comfortable, less tiring grip
- Spandex back keep hands cool and allows for a flexible, comfortable fit. Elastic on the back of the wrist provides for a secure fit
